LETTER FROM THE CHAIRPERSON

This past year has been hard for me. It wouldn't be fair to start this letter any other way. I write this not because I want to bring you down but because I want to remind you of the person underneath that fur, behind those starry eyes, hiding beneath that goofy grin.

There's something uniquely fascinating about this fandom. It allows us to explore the very idea of self, offering a space where we intentionally craft and present different facets of who we are. Yet, within this community, these explorations feel incredibly valid and real. For me, Kovu is my truer self, and those who know me as Kovu understand me in a way that others may not. It's in this open and accepting environment, this space for self-discovery, that I've drawn strength and felt genuinely supported throughout this past year.

The friends I've made and the deeper connections I've forged this past year have helped me dig out of the hole I had found myself in. Even when it doesn't feel like it, it's going to be okay.

Despite the challenges of the past year, my excitement for this year's convention remains incredibly high. This year's theme, Fuzzytown Fair, has inspired us to expand beyond the hotel and embrace Portland as our very own town fair or carnival.

I am particularly eager to see attendees, both in and out of fursuit, enjoying the various activities: playing games, relaxing in the beer garden, listening to live music, sampling treats from the food trucks, and exploring our expanded car show. Furthermore, I'm delighted that we are returning to Monument Square, where the Fursuit Parade will proceed directly this year, weather permitting. Beyond just enjoying the planned activities, let's all take this opportunity to reconnect with old friends, strengthen those important bonds, and warmly welcome newcomers into our furry family. This convention is a fantastic chance for each of us to build community and create lasting memories together.

As always, I cannot thank our volunteers, staff, sponsors, and all our attendees enough. Together, we'll make Furcationland 2025 an event to remember! Welcome, one and all, to the Fuzzytown Fair!

OUR 2025 CHARITY

Greetings! We are so grateful to be designated the Furcationland 2025 charity. We are humbled and amazed by the support we received at Furcationland 2023 and 2024, which raised $17419.90 for our charity and has been helping make a difference in the lives of cancer warriors and their families. We look forward to enjoying this weekend with you all! Short Folks For Hope Foundation is a 501(c)(3) cancer support charity located in Oxford Hills, Maine, and established in September 2012.

Having been diagnosed with breast cancer in July 2010, undergoing surgeries and months of chemotherapy and radiation while my husband and I cared for our three young children, I realized how much a cancer diagnosis affects the entire family. The kind support we received from others during my cancer journey and the precious time I have spent with other cancer warriors over the years are a source of inspiration and hope for me. I am grateful to be in remission and to have been able to help others in their cancer journeys for the past twelve years. I founded Short Folks For Hope Foundation with the mission to empower, encourage and celebrate cancer warriors of all ages, and to inspire and provide opportunities for youth to be creative, compassionate members of our communities.

We are 100% volunteer directed and operated. Your donations enable Short Folks For Hope Foundation to:

- Support cancer warriors of all ages with our special events and projects;
- Provide Hope Bear Encouragement Packs to cancer warriors and Angel Bear Memory Gifts to bereaved families;
- Creatively fulfill small wishes for cancer warriors and assist with travel costs for cancer treatment;
- Make visits to cancer warriors and youth with life-threatening illnesses at respite camps, homes and special events with our Furry Ambassadors Lagoona the Dutch Angel Dragon and Mama Bear Kalliope, as well as our Supers For Hope and Princesses For Hope characters;
- Sing for hospice patients;
- Support cancer care organizations that provide high-quality services free of charge to patients and their families;
- Inspire and provide opportunities for youth to help others;
- Recognize outstanding youth charitable efforts.

Thank you all for your support. Enjoy Furcationland 2025, Fuzzytown Fair! With gratitude from Kristen Short and the Short Family and Short Folks For Hope Foundation Supporting the Cancer Community and Serving Up Hope...Family Style!

GUEST OF HONOR

PRISMPAWS

Introducing our Guest of Honor, Kilo (PrismPaws)! Kilo has been a growing artist and prominent member of the furry fandom for over 10 years, attending community events, conventions, and entertaining an ever growing audience online with expressive illustrations that aim to amuse and lighten the mood of anyone's timeline. Starting online as a self-taught artist running a Pokémon ask blog, they began their digital art journey with the dream of one day running a merch line much like the likeminded individuals that inspired them so much at conventions and meetups.

Kilo began drawing at an early age, inspired by things that inspire so many of us such as Pokémon, plushies and a love for animals and wildlife. This led them to delve into the online world within the Pokémon fandom, creating their own fanmade characters and interacting with fellow artists, exchanging art and finding a place in an ever growing wider community where they'd feel at home.

Starting by simply colouring pre-made bases on adoptable websites with a mouse and hard-earned Wacom tablet, Kilo's work rapidly evolved throughout their art journey. By pairing their distinctive humorous personality and in-person experiences in the fandom and their own life, Kilo was able to grow from taking commissions for virtual pets on ChickenSmoothie to real-world money commission work, such as their infamous "Causing Problems on Purpose" YCH. Through making art for people in the fandom, Kilo found a place of belonging, community, opportunity, and life-long friends. They've now gone on to create over 2,500 completed commissions, and have even provided official artwork for conventions and furmeets such as Furrydelphia and UP-ROAR!

Within the last few years, Kilo was able to achieve one of their lifetime dreams of creating and selling merchandise at conventions. From clothing, such as hats and sweaters, to keychains and wristbands-all come with the typical witty and somewhat unserious flair that they love to bring to the fandom and have become so recognised for. They are incredibly grateful to the community for providing a place of belonging and support and a sense of unique security in an ever growing and shifting climate, as well as an ever growing list of irreplaceable friendships and relationships that have shaped both their personal and professional life.
